Roomba® Vacuuming Robot

High-performance,
good for pet hair

Roomba® 605

Smart

iAdapt® Navigation uses a suite of intelligent sensors that help Roomba® robot vacuums make more than 60 decisions per second to adapt to your home and help to thoroughly clean your floors.

Simple

Just press CLEAN and Roomba® gets to work vacuuming your carpets and hard floors, automatically adjusting to different floor surfaces as it moves through your home.

Clean

The 3-Stage Cleaning System uses Dual Multi-Surface Brushes, a specially designed Edge-Sweeping Brush, and vacuum suction to attack everything from small particles to large debris on your carpets and hard floors.

Roomba® robot vacuums help you keep up with everyday mess.

- Smart:** Seamlessly navigates under and around furniture
- Simple:** Just press CLEAN
- Clean:** The 3-Stage Cleaning System removes everything from small dust to large debris from your floors

Roomba® 605 specific features:

- iAdapt® Navigation**
- Navigates under and around furniture
 - Low-profile design
 - Avoids stairs and other drop-offs

- Just Press CLEAN**
- Gets to work with just the press of a button
 - Automatically docks and recharges

- 3-Stage Cleaning System:**
- Edge-Sweeping Brush sweeps debris away from edges and corners
 - Multi-Surface Brushes work together to lift dirt, dust, and hair from carpet fibers and hard floor surfaces
 - Vacuum suction works to pull in dust, dirt, and debris
