

## S1-AFSX2 2 x Adjustable Floor Stands for Sonos One, One SL and Play:1

The Flexson Adjustable Floor Stands for Sonos One and Play:1 can hold either speaker at a range of heights, allowing them to adapt to a range of potential Sonos set-ups. Whether you need to hold your speakers lower or higher than a standard floor stand would, the Flexson Adjustable Floor Stands are ready to serve, in style.

They come in a twin pack: ideal for setting your speakers up as a stereo pair or as the left/right rear speakers in a surround-sound set-up with a Sonos Playbar, Beam, Playbase or Sub. The Flexson Adjustable Floor stands are high-quality and designed in the UK. They are easy to set-up and adjust, and include neat cable management. Just like the speakers themselves, they are available in black and white finishes.

- Bespoke design securely holds the Sonos One, One SL and Play:1
- Height adjustable for perfect alignment
- Perfect for use in a 5.1 surround sound set-up with a Sonos Playbar, Beam or Playbase and Sub
- Quick and easy assembly
- Includes adjustable carpet spikes and rubber feet for wood/tiled floors
- Clever cable management to keep things tidy
- Available in black or white to perfectly match the Sonos One, One SL and Play:1
- Constructed from steel and aluminium
- Designed in the UK
