Do more with 5000mAh big battery

Enjoy the power of the 5000mAh high-capacity battery without the worry of having to charge often. And with Quick Charge™ 3.0 and up to 18W fast charging support*, Redmi 8A is capable of charging up to 65% in only one hour via USB-C.

Design that stands out

Redmi 8A looks and feels great. It has an elegant, gradient back cover design with textured matte finished for a comfortable grip, available in three stylish shades: Midnight Black, Sunset Red and Ocean Blue**. The device features a 6.22" Dot Drop display protected by a Corning® Gorilla® Glass 5 for an immersive viewing experience.

Capture the moment

Redmi 8A comes with a 12MP AI rear camera to capture clear images during the day and even in low light. The selfie camera is also equipped with AI face unlock*** for extra security and faster unlocking.

Perfect daily driver

Redmi 8A is supported by Qualcomm® Snapdragon™ 439 octa-core processor with up to 2.0GHz — powerful yet power-efficient, providing a smooth day-to-day experience. Precious daily moments stay safe with 2GB+32GB storage, plus an incredible 512GB expandable storage.

18W fast charger sold separately.
