| <div style="display: flex; justify-content: space-between; align-items: center;"> <div> <p><b>Achtung • Attention • Attenzione</b><br/> <b>Opgelet • Uwaga • Pozor • Figyelem</b><br/> <b>Atenție • Dikkat • Внимание</b></p> </div> <div> <p><b>!</b></p> </div> </div> |                                                                                                                                                                                 |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (D)                                                                                                                                                                                                                                                                      | Wandbefestigung dient als Kippschutz – unbedingt anbringen! Bei einigen Wandtypen kann ein Spezialdübel erforderlich sein!                                                      |
| (GB)                                                                                                                                                                                                                                                                     | The wall fastening serves to prevent tipping – be absolutely sure to mount it! For certain wall types, a special wall plug may be necessary!                                    |
| (FR)                                                                                                                                                                                                                                                                     | La fixation murale sert de protection contre le basculement – à installer impérativement ! Pour certains types de murs il faut des chevilles spéciales !                        |
| (IT)                                                                                                                                                                                                                                                                     | Il fissaggio alla parete serve da protezione anti-ribaltamento – attaccarla assolutamente! Per alcune strutture di parete può essere necessario un tassello speciale!           |
| (NL)                                                                                                                                                                                                                                                                     | Bevestiging aan de muur dient als kantelbescherming – zeker en vast bevestigen! Bij enkele muurtypes is een speciale plug misschien vereist!                                    |
| (PL)                                                                                                                                                                                                                                                                     | Mocowanie do ściany jest jednocześnie zabezpieczeniem przed przewróceniem – koniecznie zamontować! Do niektórych rodzajów ścian koniecznie zastosować specjalne kolki mocujące. |
| (CZ)                                                                                                                                                                                                                                                                     | Montáž na stěnu slouží jako ochrana proti převrnutí – bezpodmínečně umístěte! U některých typů stěn může být zapotřebí speciální hmoždinka!                                     |
| (SK)                                                                                                                                                                                                                                                                     | Upevnenie na stenu slúži ako ochrana proti prevráteniu – bezpodmienečne použite! Pre niektoré druhy stien môže byť potrebná špeciálna hmoždinka!                                |
| (HU)                                                                                                                                                                                                                                                                     | A terméket a falhoz kel rögzíténi, különben az felborulhat! Egyes faltípusoknál speciális tiplít kell használni!                                                                |
| (RO)                                                                                                                                                                                                                                                                     | Sistemul de fixare la perete servește ca protecție la răsturnare – de montat obligatoriu! Pentru unele tipuri de pereți este posibil să fie necesar un diblu special!           |
| (TR)                                                                                                                                                                                                                                                                     | Duvardaki sabitleme, devrilmeye karşı bir emniyet tedbiridir ve mutlaka monte edilmelidir! Baz duvar tiplerinde bunun için özel bir dübel gerekli olabilir!                     |
| (RU)                                                                                                                                                                                                                                                                     | Обязательно установите крепление на стене во избежание опрокидывания! Для некоторых типов стен может потребоваться специальный дюбель!                                          |
