Overview

100 Word Product Description

The CORSAIR Hydro Series H115i PRO is an all-in-one RGB liquid CPU cooler with a 280mm radiator built for low-noise cooling performance and bold styling with an RGB LED pump head. Two included 140mm ML Series magnetic levitation PWM fans provide great airflow while producing no more than 20 dBA of noise, pushing the performance of your build while staying whisper quiet. Take control with CORSAIR LINK software and customize lighting, monitor temperatures and precisely adjust fan speeds, or stop the cooling fans entirely with the H115i's Zero RPM fan mode. Easy to install and compatible with most modern CPU sockets, the H115i makes it easy to cool your system in silence and style.

Features and Benefits

Style 1

- Customizable RGB backlit pump head produces vivid lighting effects to match your build.
- Two low-noise 140mm ML Series magnetic levitation PWM fans deliver improved airflow and produce just 20 dBA of noise at full speed.
- CORSAIR LINK software allows you to adjust RGB lighting, individual fan speeds, and pump speed while monitoring CPU and coolant temperatures, and more.
- New Zero RPM cooling profile in CORSAIR LINK software allows fans to stop entirely at low temperatures, eliminating fan noise.
- Advanced pump speed control options to maximize performance or minimize noise.
- Modular, tool-free mounting bracket for quick and painless installation.

Style 2

- **Dynamic Multicolor RGB Lighting:** Vibrant RGB LED pump head produces vivid lighting effects to match your build.
- **Powered by Magnetic Levitation:** Two low-noise 140mm ML Series magnetic levitation PWM fans deliver improved airflow and produce just 20 dBA of noise at full speed.
- **Powerful Software:** CORSAIR LINK software allows you to adjust RGB lighting, individual fan speeds, and pump speed while monitoring CPU and coolant temperatures, and more.
- **Zero RPM Mode:** Zero RPM cooling profile in CORSAIR LINK software allows fans to stop entirely at low temperatures, eliminating fan noise.
- **Precise Pump Control:** Advanced pump speed control options to maximize performance or minimize noise.
- **Easy to Install:** Modular, tool-free mounting bracket for quick and painless installation on most modern CPU sockets.
